

Deep Sea Diver - Run Away With Me

tom:
 You tried to climb another mountain
 But you fell all the way to the ground
 Ice caps and jagged rocks
 Like a serpent
 Staring you down
 Tell me I'm wrong
 But you can't be anybody else
 Your hands are trembling
 But don't kid don't kid
 Don't kid yourself
 Run away
 Run away
 Run away with me
 Run away
 There are men without any aim
 Shooting apples off of our heads
 When our bodies are full of holes
 They'll split whatever's left
 I might be wrong
 But at least its what I've come to expect

My hands are trembling
 But I won't kid won't kid
 Won't kid myself
 Run away
 Run away
 Run away with m?
 Run away
 Run away with me
 You gotta climb
 Gotta climb
 Gotta climb
 That mountain in your mind
 We're gonna climb
 Gonna climb
 Gonna climb
 Gonna climb
 Th? mountain in your mind
 Run away
 Run away
 Run away with m?
 Run away
 Run away
 Run away with m?
 Run away
