

Def Leppard - Pour Some Sugar On Me Solo

Tom: **G**

Alright here is a great solo by Steve Clark from the Hysteria Album. I noticed that in the other versions, the solo didn't sound quite right, but in this version it does sound right. I may of forgot some of the (11-12) parts but add them in as you like. This is to me about 80% accurate to me but it sounds awesome. ENJOY
