

Def Leppard - Smc

Tom: C

Been awhile since I first posted this so here is the updated way I play it now-for anyone who cares. Alternating bass notes is easy after some practice but for the second and third parts of the song you want to use a second guitarist. Phil and Viv played on the recording. (Phil told me!!!)

Main Lick W/ fingers x 2

End of main lick

This part use pick

Play this part over the part above, then play main lick once again.

Enjoy.

^ = hammer on/ pull off
v v v = vibrato
' ' = fast picking
= natural harmonics
