

Defqwop - Heart Afire

tom:

G

Nightmares creep

While you and me repeat

This bittersweet heat is suffocating

I'm waiting

And always hesitating

Kryptonite desires set my heart afire

Heart on fire

Set my heart afire

Yeah

With crimson secrets and forbidden bliss

Can't stay still, don't stop the thrill

My bones crave your skin

Temptation within

Mistakes ignite the silence

Nightmares creep

While you and me repeat

This bittersweet heat is suffocating

I'm waiting

And always hesitating

Kryptonite desires set my heart afire

Heart on fire

Set my heart afire

Yeah

Connect the dots straight to the start of

Intoxicating want

Lingering touch, these soft words

Whispered in the dark

Set my heart afire
