

# Deftones - Combat

Tom: C

Riff 5 (bridge)

Tabbed by: Cyrus

Tuning: Ab, Eb, Ab, Db, Gb, Bb, Eb

I believe Steph plays this song with a baritone 7 string tuned to F or Gb but my I don't my Ibanez can handle that low of a tuning, so if you transpose these chords for that riff 2 is probably an octave lower

This is two guitars right here each plays the part then returns to the repeat then again, listen to the song...

Riff 1

Riff 2

Now this first chord comes in everytime you restart this riff

Riff 3  
Let chords ring (listen for right timing)
