

# Del Water Gap - High Tops

Tom: D

Don't you know that you're the only queen  
Of this one-horse town  
You're the only one that meant a thing to me  
You're still hanging around  
You're still hanging around

I used to see you on the sidewalk  
Standing in your high tops  
Ruining your pretty lungs  
With your cigarette smoke  
It ain't keeping you young

Touch me like you know me  
Baby when you're lonely  
Kiss me on my open mouth  
I'll throw you a rope  
I'll keep pulling you out

All the years that came and went for you  
Are you feeling it now?  
All the pretty things i tried to say to you  
But when i opened my mouth  
No, nothing came out

I used to see you on the sidewalk  
Standing in your high tops  
Ruining your pretty lungs  
With your cigarette smoke

It ain't keeping you young  
Touch me like you know me  
Baby when you're lonely  
Kiss me on my open mouth  
I'll throw you a rope  
I'll keep pulling you out

Hey celine, i open up my heart it's all for you  
You can take of leave me any way you choose  
Hey celine, i open up my heart it's all for you  
You can take of leave me any way you choose

I used to see you on the sidewalk  
Standing in your high tops  
Ruining your pretty lungs  
With your cigarette smoke  
It ain't keeping you young

Touch me like you know me  
Baby when you're lonely  
Kiss me on my open mouth  
I'll throw you a rope  
I'll keep pulling you out

Hey celine, i open up my heart it's all for you  
You can take of leave me any way you choose  
Hey celine, i open up my heart it's all for you  
You can take of leave me any way you choose  
Hey celine, i open up my heart it's all for you  
You can take of leave me any way you choose
