

Delce Rosa - Gotas de Mar

tom: C

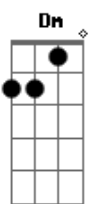

Há 2 gotas de mar
 No horizonte marrom do meu olhar
 Ainda que sejam as mais distantes
 São também as mais radiantes
 Iluminam minha alma
 Quem sabe elas cedam mistério ao Egito?
 Ou a beleza ao verde tão mar do Hawaii?

será que esquentam ou esfriam
 As calmas correntes
 Eu sonho então, Camburiu
 Cabo Frio, numa Copa ou Cabana
 Ve-las dançando nas ondas bem perto
 Enfim, estão tão distantes de mim
 Que não posso alcança-las
 Pra por nos meus olhos
