

# Delce Rosa - Gotas de Mar

tom: C

Há 2 gotas de mar

No horizonte marrom do meu olhar

Ainda que sejam as mais distantes

São também as mais radiantes

Iluminam minha alma

Quem sabe elas cedam mistério ao Egito?

Ou a beleza ao verde tão mar do Hawaii?

será que esquentam ou esfriam

As calmas correntes

Eu sonho então, Camburiu

Cabo Frio, numa Copa ou Cabana

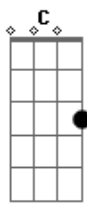

Ve-las dançando nas ondas bem perto

Enfim, estão tão distantes de mim

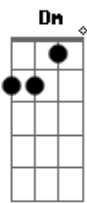

Que não posso alcança-las

Pra por nos meus olhos
