Tom: C

F  
It's probably what's best for you  
Am  
I only want the best for you  
F C  
And if I'm not the best, then you're stuck  
F  
I try to savertise and I,  
Am  
ended up with wounds to bind  
F C  
Like you're pouring salt in my cuts

F G Am Em  
'Cause you can't bandage the damage,

You never really can fix a heart

F  
Even though I know what's wrong,  
Am  
How can I be so sure  
F C  
If you never say what you feel, feel

I must have held your hand tight,

you didn't have the will to fight  
F C  
I guess you needed more time to heel
