

Demi Lovato - Icu (Madison's Lullabye)

Intro: F Am7 Dm
Bb Am7 G7
F Am7 Dm

[Primeira Parte]

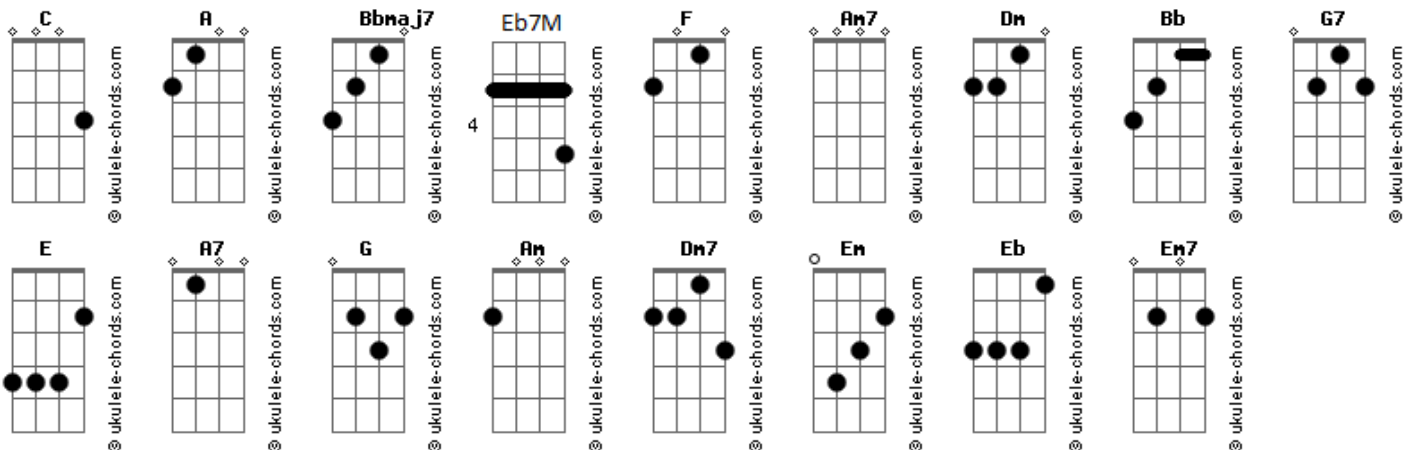

I didn't want those innocent eyes
To watch me fall from grace
Tried to protect you, I want to direct you
To keep you from my mistakes, yeah
I wanna be the one
You look up when you wanna run
I want you to see my face
Whenever you're feelin' out of place
You can pick up the phone
If you're ever feeling scared and alone
I'll be the one to

[Refrão]

Tuck your hair behind your ear
Until you fall sleep
I'll say a prayer and keep you near
You're always here with me
I promise, I'll be there
Don't worry
'Cause I was blind, but now I see
Clearly
I see you

[Segunda Parte]

Acordes

Sometimes I can see myself
In the little things you do
But I'm not afraid
That you'll lose your way
'Cause I believe in you, yeah
You're gonna be the one
Who's strong enough, who can overcome
Anything in your way
I look to you and you give me strength
Always my baby girl, already know
You gon' change the world
And I will be there to

Tuck your hair behind your ear
Until you fall sleep
I'll say a prayer and keep you near
You're always here with me
I promise, I'll be there
Don't worry
'Cause I was blind, but now I see
Clearly
I see you
Oh-oh, oh - oh
I see you, I see you, oh - oh
