

Demi Lovato - In The Mirror

tom:
 Capotraste na 1ª casa
 Intro: G A Bm G A

[Primeira Parte]

I lived my life like a hurricane
 Twenty-four seven 'til I go insane
 I'm on a rocket to heaven
 Everybody loves me
 I'm surrounded by people
 Wishing me well as I'm taking flight
 I got everything I wished for
 If everything is so right

[Refrão]

Then why does it feel
 Like I'm the loneliest girl in the world
 Like I'm the loneliest, loneliest girl
 Like there's a dark other half of me
 A part of me I can't see
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror

[Segunda Parte]

I got new friends, they're crazy
 They're crazy

Every night is a party until 4 a.m.
 I'm hurting from dancing
 From dancing
 Like there's no tomorrow
 I'm so busy, booked solid
 Wish I could do more
 Yes, I wish I could
 My dreams are at the doorstep
 Dreams are at the doorstep
 If everything is so good
 [Refrão]
 Why does it feel
 Like I'm the loneliest girl in the world
 Like I'm the loneliest, loneliest girl
 In the world, yeah
 Like there's a dark other half of me
 A part of me I can't see
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror
 Unless I'm looking in the mirror
 Unless I'm, unless I'm, unless I'm
 Unless I'm looking in the mirror
 [Final]
 Unless I'm looking in the mirror, mm-hmm
