

Demi Lovato - Still Alive

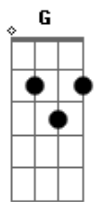

tom:
 Woke up under water, throat chained with the collar
 Couldn't get any further from the daylight
 Was I still dreaming? Stuck to a machine
 Or choking and screaming with my hands tied?
 I'm calling and calling, but nobody comes
 Falling and falling, no air in my lungs
 Getting so comfortably numb
 Don't know how I open up my eyes
 But I'm still alive
 I don't wanna just survive
 Give me something to sink all my teeth in
 Eat the devil and spit out my demons
 Still alive
 Already died a thousand times
 Went to Hell, but I'm back and I'm breathing
 Make me bleed while my heart's still beating
 Still alive
 Sucked out the poison, drowned out the noise?
 'Cause I made a choice and drew a heartline
 Let the fire catch until I'm back to ash
 If anybody asks, I'm turning back time
 I'm chasing the ghosts that would me haunt at night

Facing my past 'cause I'm up for the fight
 Somebody turned on the light
 I'm not afraid to open up my eyes
 But I'm still alive
 I don't wanna just survive
 Give me something to sink all my teeth in
 Eat the devil and spit out my demons
 Still alive
 Already died a thousand times
 Went to Hell, but I'm back and I'm breathing
 Make me bleed while my heart's still beating
 Already died
 Suddenly I'm
 Still alive
 I don't wanna just survive
 Give me something to sink all my teeth in
 Eat the devil and spit out my demons
 Still alive
 Already died a thousand times
 Went to Hell, but I'm back and I'm breathing
 Make me bleed while my heart's still beating
 Still alive
 Still alive
 Still alive
