

Demi Lovato - Who's That Boy

Tom: G
Intro: D Gbm G

I wanna get you by yourself

Yeah, have you to myself

I don't need no body else

Don't want no body else

He's special, I know

His smile, it glows

He's perfect, it shows

I've been starin' at ya

And I could do it all night

You're looking like an angel

With the kind of body needs a spotlight

Pré-Refrão:

Ain't no body know your name

But looking like you do could be famous

I could see us making ways

From the back of the club

To a bed in the shade

Refrão:

Now I don't know who you are

But you look like a star

And everybody here be thinkin'

Who's that boy?

Wanna take you home

And get you all alone

And everybody here is thinkin'

Who's that boy?

Oh he got me

No, I've never seen,

No one like him

Damn he's everything

Girls they want him

Guys they want to be

Who's that boy, Who's that boy

(D D Gbm G)

Verso 2:

You could say that I'm distracted

But how you got me so attracted

But boy I'll tell you what the fact is

There's no one else in this room

No one Looking like you, you, you

Ponte:

Everybody in the club turn around sayin'

Who's that, Who's that

Beautiful boy with them big brown eyes, tell me

Who's that Who's that

I got my eyes on this boy

Can't get him off my mind

He's one of a kind

The cherry to my pie

I just wanna get him close

Wanna make him mine
