BYT those are bridge (3:00-3:24) 15's and 16's not ones and fives verse1 (0:42-1:12) solo (3:24-3:36) this solo is pretty easy, but you have to do it very fast pre-chorus1 (1:12-1:39) outro (3:36-4:03) on the last time you repeat this, dont hit the second 6. instead strum 7 fifteen times (X4) once again on the last time you reapeat this drop the 2's and 3's from the last "4". chorus1 (1:39-1:54) when you reach the last "4" slide it to the open string to finish the song. well i hope you enjoyed my tab. its my first tab eva! give me verse2 (1:54-2:06)
