Lyrics:  
So now you're suffering  
the fallacy of what you said  
When you uncover the depression  
from where you've tread  
Breathe over the glass you wrote on  
Swallow all that you waste your throat on  
You wear the make and wave the banner  
they made with sin  
Revealing every single lie  
that you've been breeding within  
Wash over the skin you've broken  
Think over the tone you spoke in

So lost in your affliction / addiction  
The solemn comfort of your grave  
If you close your eyes  
the light can't take it away

The blind will follow on the path  
that you created in vain  
No guiding light, but just the shadow  
of the dead will remain  
Dig open the pain you're hiding  
Give your hand to the faith you're fighting  
The void you suffer is a curse  
forever bleeding inside  
Now you embrace the fatal sickness  
you should despise  
Remember the day you lost that  
Where is the shame that will  
bring your soul back

So lost in your affliction / addiction  
The solemn comfort of your grave  
If you close your eyes  
the light can't take it away

Reach back behind your pride  
And pull the thorn from your burning pain in your  
side

Sing me a new song  
A broken song of redemption and regret  
Sing me a new song  
And beg for all the mercy you can get
