

Depeche Mode - Breathe

Tom: F

(bridge - strum here)

(first part of the verse has two riffs that are repeated, an Am and a Gm riff)

(second part of the verse uses a Fm riff and a different Am riff)

(strum Am and Fm chords on the bridge)

(note) try vibratin' the whole Fm chord to get the cool little effect in some places on CD)

(the outro is like this 2

(and then this once)

(repeat the whole outro thing again and again to fade)

(intro) Am

(verse 1)

I heard a rumour
They travel far
You know what it's like
The way people are
They talk and they talk
Though they don't understand
They'll whisper and whisper
And lie on demand

(verse 1.5)

Please tell me now
I want to know
I have to hear it from your lips
Say it's not so

(verse 2)
(same as last verse)

I heard it on Monday
And I laughed a while
I heard it on Tuesday
I managed to smile
I heard it on Wednesday
My patience was tried
I heard it on Thursday
And I hurt inside
I want to know
The depths of your mind
Tell me this whole thing is madness
And we're doing fine

Put your little hand in mine
And believe in love
Put your head on my chest
And breathe love
Breathe love
Breathe love
Breathe love
(Am Fm Am)

(verse 3 - a lil different)

I heard it from Peter
Who heard it from Paul
Who heard it from someone
I don't know at all
I heard it from Mary
Who heard it from Ruth
Who swore on the bible
She's telling the truth
I heard it from Simon
Who heard it from James
Confirming with Sarah
That I was to blame
I heard it from Joseph
Who heard it from John
Who said with conviction
That all hope was gone

(verse 3.5)

So I need to know
Your alibis
I need to hear that you love me
Before you say goodbye
Before you say goodbye
Before you say goodbye
(outro)
Before you say goodbye
