 Light/life? switch man switch, film was broken only then

 All the night refused tomorrow dancing with a distant friend

**B** **A** **B** **A**  
 Filming and screening, I picture the scene  
**B** **D** **A G D A**  
 Filming and dreaming, dreaming of me yah

And so we left understanding, clean cut songs? were sounding  
 fast  
 I talked of sad I talked of war I laughed and climbed the  
 rising past  
 Filming and screening, I picture the scene  
 Filming and dreaming, dreaming of me yah

Quickly I remember...before  
 Timing reason understand like association where  
 Filming and screening, I picture the scene  
 Filming and dreaming, dreaming of me yah
