

Depeche Mode - Going Backwards

Tom: D
Intro: Gb E Gb E Gb E Gb E

We are not there yet
We have not evolved
We have no respect
We have lost control
We're going backwards
Ignoring the realities
Going backwards
Are you counting all the casualties?

(Gb Gb7 Gb E Gb Gb7 Gb)

We are not there yet
Where we need to be
We are still in debt
To our insanities
We're going backwards
Turning back our history
Going backwards
Piling on the misery ohhhhh
We can track it all with satellites
See it all in plain sight
Watch men die in real time
But we have nothing inside
We feel nothing inside

(Gbm Gbm Gbm Gbm Gb7 Gbm)

E Gbm

We are not there yet
We have lost our soul
The course has been set
We're digging our own hole
We're going backwards
Armed with new technology
Going backwards
To a caveman mentality

(Gbm Gbm Gbm E Gbm)

We can emulate on consoles
Killings we can control
With senses that have been dulled
Because there's nothing inside
We feel nothing inside aahh
We feel nothing inside
(We feel nothing, nothing inside)
We feel nothing inside
(We feel nothing, nothing inside)
We feel nothing inside
(We feel nothing, nothing inside)
We feel nothing inside
(We feel nothing, nothing inside)
We feel nothing inside
(We feel nothing, nothing inside)
Because there's nothing inside
Because there's nothing inside
