

Depeche Mode - Lilian

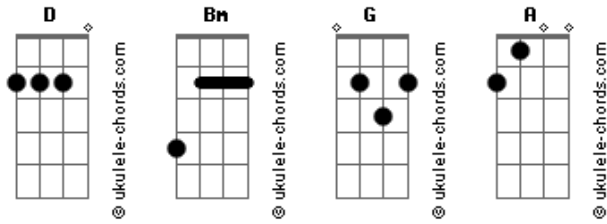

Tom: D

Verse 1:

Oh, Lillian
 Look what you've done
 You've stripped my heart
 Ripped it apart
 In the name of fun

Verse 2:

Acordes

Oh, Lillian
 I'm a poor man's son
 And precious jewels
 Weren't found in schools
 Where I came from
 Pain and misery always hit the spot
 Knowing you can't lose what you haven't got
 it goes on like this for the rest of the song
