

Depeche Mode - Perfect

Tom: E

Dbm
 On another world
 By another star
A **Ab**
 At another place and time
Dbm
 In another speed of consciousness
A7 **Ab**
 In another state of mind
B **A** **Abm** **G**
 Everything was almost perfect
B **A** **Abm** **G**
 Everything fell into place,
B **A** **Abm** **G**
 The jury reached a different verdict
B **A** **Abm** **G** **Gb**
 Before the judge dismissed the case.

Dbm
 In a parallel universe
A **Ab**
 That's happening right now
Dbm
 Things between us must be worse
A **Ab**
 But it's hard to see just how.
B **A** **Abm** **G**
 Everything could have been perfect
B **A** **Abm** **G**
 Everything in the right place
B **A** **Abm** **G**

Then I wouldn't have to play the suspect
B **A** **Abm** **G** **Gb**
 Accused, abandoned and disgraced

E7
 I didn't choose,
 I didn't pull the trigger
Gb7
 It wasn't me
 I'm just a plain and simple singer
E7
 I heard the sound
 I turned my head around
Gb7
 To watch our love shot down

Dbm
 In another lonely universe
A **Ab**
 We're lying side by side
Dbm
 Where no one's hurt and no one's cursed
A **Ab**
 And no one needs to hide

B **A** **Abm** **G**
 Everything is almost perfect
B **A** **Abm** **G**
 Everything is almost right
B **A** **Abm** **G**
 There are never any conflicts
B **A** **Abm** **G** **Gb**
 There are never any fights!
