then

I'm not going down on my knees begging you to adore me

Can't you see it's misery and torture for me

When I'm misunderstood try as hard as you can

I've tried as hard as I could to make you see  
How important it is for me

Here is a plea from my heart to you nobody knows me

As well as you do you know how hard it is for me

To shake the disease that takes hold of my tongue

In situations like these

Understand me Understand me  
Understand me Understand me  
C C C

(other verses/choruses as above)

Some people have to be  
Permanently together  
Lovers devoted to  
Each other forever  
Now I've got things to do  
And I've said before that I know you have too  
When I'm not there  
In spirit I'll be there

Here is a plea  
From my heart to you  
Nobody knows me  
As well as you do  
You know how hard it is for me  
To shake the disease  
That takes hold of my tongue  
In situations like these.

Understand me
