then

I'm not going down on my knees begging you to adore me

Can't you see it's misery and torture for me

When I'm misunderstood try as hard as you can

I've tried as hard as I could to make you see

How important it is for me

Here is a plea from my heart to you nobody knows me

As well as you do you know how hard it is for me

To shake the disease that takes hold of my tongue

In situations like these

Dm C F Understand me Understand me
Dm C F Understand me Understand me
Bb C Bb C C C Understand me

(other verses/choruses as above)

Some people have to be
Permanently together
Lovers devoted to
Each other forever
Now I've got things to do
And I've said before that I know you have too
When I'm not there
In spirit I'll be there

Here is a plea
From my heart to you
Nobody knows me
As well as you do
You know how hard it is for me
To shake the disease
That takes hold of my tongue
In situations like these.
