 Put on your blindfold and a dress that's tight

And come with me on a mystery night

A7 Em
 Open your eyes

Em
 Follow our stars under a painted sky

We'll leave the world behind we're learning to fly

A7 Em
 We used to get by

Em
 Forget the pictures on your TV screen

We'll steal the visions that you keep for your dreams

A7 Em
 You can turn me on

Em
 I was blind and I saw the light

My angel coming in a brilliant white

A7 Em
 Shine for me

Oh oh (Em A7)

Em
 You've been hanging from a rope of mediocrity
 Strung up by your insecurities

You can shine for me
 Somebody has to
 A7
 Shine for me
 It's difficult not to
 Em
