

# Depeche Mode - Strangelove

Tom: G  
Intro:

Verso 1:

There be times when my crimes  
will seem almost unfor-giveble  
I give in to sin  
because you have to make this life liveble  
But when you think I've had enough from your sea of love  
I'll take more than another riverfull  
Yes and I'll make it all worth-while  
I'll make your heart smile

Refrão:

Strangelove strange highs and strange lows  
Strangelove that's how my love goes  
Strangelove  
will you give it to me  
will you take the pain  
I will give to you  
again and again  
and will you return it

Verso 2:

There'll be days  
When I'll stray

I may appear to be  
Constantly out of reach  
I give in  
to sin  
Because I like to practice what I preach  
I'm not trying to say  
I'll have it all my way  
I'm always willing to learn  
When you've got something to teach  
And I'll make it all worth-while  
I'll make your heart smile

Pain will you return it  
I'll say it again -- pain

Pain will you return it  
I won't say it again

Fim:

Strangelove  
Strange highs and strange lows  
Strangelove  
That's how my love goes  
Strangelove  
Will you give it to me
