

# Depeche Mode - Welcome To My World

tom:

Welcome to my world <sup>Em</sup>  
 Step right through the door <sup>G</sup>  
 Leave your tranquilisers at home <sup>D</sup>  
 You don't need them anymore <sup>Em</sup>  
 All the drama queens have gone <sup>Em</sup>  
 And the devil got dismayed <sup>D</sup>  
 He packed up and fled this town <sup>Em</sup>  
 His master plan delayed <sup>G</sup>  
 And if you stay a while <sup>D</sup>  
 I'll penetrate your soul <sup>C</sup>  
 I'll bleed into your dreams <sup>Am</sup>  
 You'll want to lose control <sup>C</sup>  
 I'll weep into your eyes <sup>Em</sup>  
 I'll make your visions sing <sup>D</sup>  
 I'll open endless skies <sup>C</sup>  
 And ride your broken wings <sup>D</sup>  
 Welcome to my world <sup>C</sup>  
 Welcome to my world <sup>G</sup>  
 Welcome to my world <sup>C</sup>  
 Welcome to my world <sup>Em</sup>  
 Welcome to my world <sup>C</sup>

We'll watch the sunrise set <sup>Em</sup>  
 And the moon begin to blush <sup>G</sup>  
 Our naked innocence <sup>D</sup>  
 Translucently too much <sup>Em</sup>  
 And I'll hold you in my arms <sup>Em</sup>  
 I keep you by my side <sup>D</sup>  
 And we'll sleep the devil's sleep <sup>Em</sup>  
 Just to keep him satisfied <sup>G</sup>  
 And if you stay a while <sup>D</sup>  
 I'll penetrate your soul <sup>C</sup>  
 I'll bleed into your dreams <sup>Am</sup>  
 You'll want to lose control <sup>C</sup>  
 I'll weep into your eyes <sup>Em</sup>  
 I'll make your visions sing <sup>D</sup>  
 I'll open endless skies <sup>C</sup>  
 And ride your broken wings <sup>D</sup>  
 Welcome to my world <sup>C</sup>  
 Welcome to my world <sup>G</sup>  
 Welcome to my world <sup>C</sup>  
 Welcome to my world <sup>Em</sup>  
 Welcome to my world <sup>C</sup>
