

Depeche Mode - Welcome To My World

tom:

Welcome to my world ^{Em}
 Step right through the door ^G
 Leave your tranquilisers at home ^D
 You don't need them anymore ^{Em}
 All the drama queens have gone ^{Em}
 And the devil got dismayed ^D
 He packed up and fled this town ^{Em}
 His master plan delayed ^G

And if you stay a while ^D
 I'll penetrate your soul ^C
 I'll bleed into your dreams ^{Am}
 You'll want to lose control ^C
 I'll weep into your eyes ^{Em}
 I'll make your visions sing ^D
 I'll open endless skies ^C
 And ride your broken wings ^D

Welcome to my world ^C
 Welcome to my world ^G
 Welcome to my world ^C
 Welcome to my world ^{Em}
 Welcome to my world ^C

We'll watch the sunrise set ^{Em}
 And the moon begin to blush ^G
 Our naked innocence ^D
 Translucently too much ^{Em}
 And I'll hold you in my arms ^{Em}
 I keep you by my side ^D
 And we'll sleep the devil's sleep ^{Em}
 Just to keep him satisfied ^G

And if you stay a while ^D
 I'll penetrate your soul ^C
 I'll bleed into your dreams ^{Am}
 You'll want to lose control ^C
 I'll weep into your eyes ^{Em}
 I'll make your visions sing ^D
 I'll open endless skies ^C
 And ride your broken wings ^D

Welcome to my world ^C
 Welcome to my world ^G
 Welcome to my world ^C
 Welcome to my world ^{Em}
 Welcome to my world ^C
