

# Depeche Mode - World In My Eyes

Tom: **B**  
Intro: **Ebm**  
**Ab B**

**Ebm**  
Let me take you on a trip  
**Abm**  
Around the world and back  
**Ebm**  
And you won't have to move  
**B** **Abm**  
You just sit still

**Ebm**  
Now let your mind do the walking  
**Abm**  
And let my body do the talking  
**Ebm** **B**  
Let me show you the world in my eyes

Riff 1 :  
**Ebm**  
**Ab B**

I'll take you to the highest mountain  
To the depths of the deepest sea  
And we won't need a map, believe me

Now let my body do the moving  
And let my hands do the soothing

Let me show you the world in my eyes

Riff 2 :  
**Cm B**

**Abm** **Bb**  
That's all there is  
**Ebm** **Abm**  
Nothing more than you can feel now  
**Bb**  
That's all there is

Riff 1

Let me put you on a ship  
On a long, long trip  
Your lips close to my lips  
All the islands in the ocean  
All the heavens in the motion  
Let me show you the world in my eyes

Riff 2

That's all there is  
Nothing more than you can touch now  
That's all there is

Riff 1

Let me show you the world in my eyes

## Acordes
