

# Dermot Kennedy - Power Over Me

Tom: A

m

Intro: Am G Am G Am

[Verso 1]

Wanna be king in your story  
 I wanna know who you are  
 I want your heart to beat for me  
 Oh I  
 Want you to sing to me softly  
 'Cause then I'm outrunning the dark  
 That's all that love ever taught me  
 Oh I

[Pré-Refrão]

Call and I'll rush out  
 All out of breath now

[Refrão]

You've got that power over me, my my  
 Everything I hold dear resides in those eyes  
 You've got that power over me, my my  
 The only one I know, the only one on my mind  
 You've got that power over me (my my)  
 Got that power over me (my my)  
 You've got that power over me

[Verso 2]

Remember the lake in the moonlight?  
 Remember you shivered and shone?  
 I'll never forget what you looked like  
 On that night  
 But I know that time's gonna take me  
 I know that day's gonna come  
 I just want the devil to hate me

Oh I

[Pré-Refrão]

Call and I'll rush out  
 All out of breath now

[Refrão]

You've got that power over me, my my  
 Everything I hold dear resides in those eyes  
 You've got that power over me, my my  
 The only one I know, the only one on my mind  
 You've got that power over me (my my)  
 Got that power over me (my my)  
 You've got that power over me

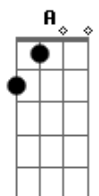

[Ponte]

It was all in doubt  
 They were all around  
 So we had a way a nevertell  
 The sight of darkness knows you well  
 That lesson of love, all that it was,  
 I need you to see

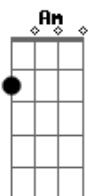

[Refrão]

You've got that power over me, my my  
 Everything I hold dear resides in those eyes  
 You've got that power over me, my my  
 The only one I know, the only one on my mind  
 You've got that power over me  
 I know that I let her down,  
 Let her down  
 You've got that power over me, my my  
 Everything I hold dear resides in those eyes  
 You've got that power over me, my my  
 The only one I know, the only one on my mind  
 You've got that power over me
