Look his eyes, they've turned to lead
Tears don't stop the fire

See your eyes, got nothing left
Kiss me, I am the cobra

Oh let me live, oh let me live
Or let me die
Oh let me live, oh let me live

Oh let me live, oh let me live
Or let me die

Am I here, am I right
With the night that I never liked
Rip me out the mountains

Fear in the dark
All these thoughts have never stopped
Meet my friend the lonesome
