Hey, now, everybody crowd 'round

There is no one here to save

She started out like most of them:

Heart full of dreams, a head full of nothing

[Terceira Parte]

Hang tight, she running through the moonlight  
Em  
Waiting on her charms

He took her down to his hiding place

All he's bringing back is dust on his face

[Quarta Parte]

Stone's throw, tapping at the window

Fools with no plans  
Em  
Slow wind, broken by design

Be good or be goddamned  
Em C  
You think you left it all behind?  
C C Em  
You're choking on the weeds, you're strung out on the vine
