

Destiny's Child - So Good

Tom: **E**

Gbm Abm Dbm Dbm
Gbm Abm Dbm Dbm Ebm

This is repeated through the whole song

Here are the lyrics though some might be wrong.

Hey how you doin'
Yeah I'm doin' mighty fine
Last time I think
It's been a long time
Stop smiling let me get that look off your face
Please don't leave before ya
Stop being so fake
I know you do not like me
And you made it very clear
Your always talking 'bout me
From what I hear
Always put me down
When you thought that you could
I want you to know I'm doing so good

Wasn't it you that said
I thought I was all that and you
Said I didn't have a clue
Wasn't it you that said
That I wouldn't make it through
And wasn't it you that said
That I didn't look to good
That I wouldn't do to good
I'd never make it out the hood
I want you to know that I'm doing so good

So good, so good, so good
I know you hate it but I'm
So good, so good, so good
I'm doin' so so so so so good
So good, so good, so good,
It's hard to face it but I'm
So good, so good, so good

This is for them fellas
That said we wouldn't make it
Now we're doin' platinum

And now you can't take it
But all the people round us
That have been negative
Look at us now
See how we live
I stayed up with my people
I'm a one to keep it real
Didn't get caught up
In how to make you feel
All the things I'm doin'
That you thought I never could
I want you to know that I'm doin so good

Wasn't it you that said
I thought I was all that and you
Said I didn't have a clue
Wasn't it you that said
That I wouldn't make it through
And wasn't it you that said
That I didn't look too good
Look at me now I ain't gone good
Now I made it out the hood
I want you to know that I'm doin' so good

Chorus

I'm doin' so so so so so
I'm doin' so so so so so
I'm doin' so so so so so
So good good good good good good
I'm doin' so so so so so
I'm doin' so so so so so
I'm doin' so so so so so
So good good good good good good
So good, so good, so good
I know you hate it but I'm
So good, so good, so good,
I am so so good
So good, so good, so good
Baby face it I'm doing good
So good, so good, so good
Hey doin' good good good
So good, so good, so good
Doin' good good good
So good, so good, so good
