

# Destiny's Child - So Good

Tom: E

Gbm Abm Dbm Dbm  
Gbm Abm Dbm Dbm Ebm

This is repeated through the whole song

Here are the lyrics though some might be wrong.

Hey how you doin'  
Yeah I'm doin' mighty fine  
Last time I think  
It's been a long time  
Stop smiling let me get that look off your face  
Please don't leave before ya  
Stop being so fake  
I know you do not like me  
And you made it very clear  
Your always talking 'bout me  
From what I hear  
Always put me down  
When you thought that you could  
I want you to know I'm doing so good

Wasn't it you that said  
I thought I was all that and you  
Said I didn't have a clue  
Wasn't it you that said  
That I wouldn't make it through  
And wasn't it you that said  
That I didn't look to good  
That I wouldn't do to good  
I'd never make it out the hood  
I want you to know that I'm doing so good

So good, so good, so good  
I know you hate it but I'm  
So good, so good, so good  
I'm doin' so so so so so good  
So good, so good, so good,  
It's hard to face it but I'm  
So good, so good, so good

This is for them fellas  
That said we wouldn't make it  
Now we're doin' platinum

And now you can't take it  
But all the people round us  
That have been negative  
Look at us now  
See how we live  
I stayed up with my people  
I'm a one to keep it real  
Didn't get caught up  
In how to make you feel  
All the things I'm doin'  
That you thought I never could  
I want you to know that I'm doin' so good

Wasn't it you that said  
I thought I was all that and you  
Said I didn't have a clue  
Wasn't it you that said  
That I wouldn't make it through  
And wasn't it you that said  
That I didn't look too good  
Look at me now I ain't gone good  
Now I made it out the hood  
I want you to know that I'm doin' so good

Chorus

I'm doin' so so so so so  
I'm doin' so so so so so  
I'm doin' so so so so so  
So good good good good good good  
I'm doin' so so so so so  
I'm doin' so so so so so  
I'm doin' so so so so so  
So good good good good good good  
So good, so good, so good  
I know you hate it but I'm  
So good, so good, so good,  
I am so so good  
So good, so good, so good  
Baby face it I'm doing good  
So good, so good, so good  
Hey doin' good good good  
So good, so good, so good  
Doin' good good good  
So good, so good, so good
