

Destroy Boys - Vixen

tom:

D

D A B Bb

Whisper your siren song

To every girl who comes along

I'm coming to shore

I want her

Lull me to sleep, please

Say anything to me

Paint your hands over my uniform

Lust and love can take the same form

I made a mistake

Open seas make me so afraid

I was the chosen sailor, but I missed my mark

Oh, vixen I'm missin', take me back and tear me apart

I was the chosen sailor, but I missed my mark

D A B Bb
Oh, vixen I'm missin', take me back and tear me apart

B D B Db
Forbidden, untouchable

B D B Db
Trouble waits for a victim

I wouldn't mind being yours
