

Detroit Cobras - Bad Girl

Tom: C

Time was in a vacuum when I wanted to be free, yeah yeah
 But now my adolescence has all but left me
 I could have stayed another day, but it would be wrong
 But you would just get sick of me,
 We both stayed far too long

But I said no
 I must go
 I'm not the one you want though I know you think so
 'Cause I'm a bad girl,
 I'm a bad girl,
 I'm a bad girl,
 But I'm too good for you
 My Scooby Doo

Our time was so special and that means so much to me
 But you can tell by the click of my heels that I am gonna
 leave
 You could get down on your knees and say you were so true
 But that just won't do us no good, 'cause I am sick of you

And I said no
 I must go
 I'm not the one you want though I know you think so
 'Cause I'm a bad girl,
 I'm a bad girl,
 I'm a bad girl,
 But I'm too good for you
 My Scooby Doo
