Never heard a better bad joke said outloud
You flip-flop and I wall out
Can you believe it
I can´t believe it but it's true

You're giving eighty billion years of giggling
A whole new world to live in
But this one's real, this one's real, this one's real

You be one and I'll be one too

F C

C Dm
You showed me a sunset overflowing
But who cares where it's going
As long as you're next to me
