

# Devendra Banhart - Its A Sight To Behold

Tom: **G**

Album: Rejoicing In The Hands  
Tabbed by Riccardo Castellan

**Am** **C**  
It's a sight to behold  
**Am** **C**  
When you got small words to mold  
**G** **Am**  
And you can make 'em your own  
  
**F**  
Still love it would be much better  
**G**  
Love it would be much better  
**Am** **G**  
I'm told...  
  
**Am** **C**  
It's like golden corn  
**Am** **C**  
And I love its golden glow  
**Am** **C**  
It's the little head inside your little hole  
**G** **Am**

And out spring some sparkling thoughts

**F**  
Still love it would be much better  
**G**  
Love it would be much better  
**F**  
Love it would be much better  
**G**  
Love it would be much better  
**Am** **G**  
I hold...

**Am** **C**  
It's like finding home  
**Am** **C**  
In an old folk song  
**Am** **C**  
That you've never ever heard  
**Am** **C**  
Still you know every word  
**G** **Am**  
And for sure you can sing along

**F**  
But love it would be much better  
**G**  
Love it would be much better  
**F**  
Love it would be much better  
**G**  
Love it would be much better  
**Am** **G** **Am**  
I know.... I know.

## Acordes
