 Am C
 It's a sight to behold
 Am C
 When you got small words to mold
 G Am
 And you can make 'em your own
 F
 Still love it would be much better
 G
 Love it would be much better
 Am G
 I'm told...
 Am C
 It's like golden corn
 Am C
 And I love its golden glow
 Am C
 It's the little head inside your little hole
 G Am

And out spring some sparkling thoughts

F
 Still love it would be much better
 G
 Love it would be much better
 F
 Love it would be much better
 G
 Love it would be much better
 Am G
 I hold...

Am C
 It's like finding home
 Am C
 In an old folk song
 Am C
 That you've never ever heard
 Am C
 Still you know every word
 G Am
 And for sure you can sing along

F
 But love it would be much better
 G
 Love it would be much better
 F
 Love it would be much better
 G
 Love it would be much better
 Am G Am
 I know.... I know.
