

Devendra Banhart - Tit Smoking In The Temple Of Artisan Mimicry

Tom: **G**

Play this little diddy four times:

No one else could tab this, so I decided to do it. It sounds hard but is really pretty simple, and it's a good way to practice finger-picking if you're not too sweet at it

Okay, from this point on, Devendra just plays a variation of the intro riff and slowly picks up the tempo. Then he stops and hit's a **D** chord. Figure it out brah.
