

## Di Santos - You Know It

```
tom:
                G
                                                                [Segunda Parte]
            [Refrão]
                                                                Don't get excited with fancy cars
Hey girl you know what I'm about to say
                                                                A cheap motel is more his vibe
You know it, you know it
                                                                I'm here honey to fix your scars
                                                                                        Eb
He's not what you need anyway
                                                                Open your heart I'll show what's it like
                                                                                       Dh
                                                                He doesn't know nothing about you
You know it, you know it
Listen to what I say, I know
                                                                Just a fool , Don't know your needs
                                                                                      Db
                                                                Open your eyes see what I'm about
You know it, you know it.
                                                                                       Eb
you know it. You know it
                                                                Cause baby I'm for keeps
You know it, you know it
                                                                [Refrão]
[Primeira Parte]
                                                                Fm
                                                                Hey girl you know what I'm about to say
His sweet words are all fake
                                                                You know it, you know it
I'm totally yours to take. ( You know it )
                                                                He's not what you need anyway
So much love around can't you see
                                                                You know it, you know it
He's just another guy nothing like me
                                                                Listen to what I say, I know
[Refrão]
                                                                You know it, you know it.
                                                                Ab
                                                                you know it. You know it
Hey girl you know what I'm about to say
                                                                You know it, you know it
You know it, you know it
                                                                [FInal]
He's not what you need anyway
You know it, you know it
                                                                I'm yours to take, you know it, you know it
Listen to what I say, I know
                                                                I'm yours baby , you know it, you know it
You know it, you know it.
                                                                I'm yours to take. You know it, you know it
you know it. You know it
```

You know it, you know it

I'm yours baby. You know it, you know it
