

# Diante do Trono - River (Águas Purificadoras)

tom: D Em

There's a river, oh God  
 Flowing from your perfect love  
 Waters that flow from your holy throne  
 Waters that wash me and make me whole

Wherever God's river goes  
 It will bring healing and hope  
 The deserts springs flow with this flowing grace  
 And this river is rounding here in this place

I want to drink  
 From your river, oh God  
 Satisfy this longing deep within? my heart  
 I want to flow in your waters  
 I want to drink in your fountain  
 Where are living waters  
 You are the fountain, oh God

There's a river, oh God  
 Flowing from your perfect love  
 Waters that flow from your holy throne  
 Waters that wash me and make me whole

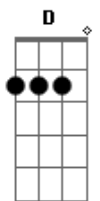

Wherever God's river goes  
 It will bring healing and hope  
 The deserts springs flow with this flowing grace  
 And this river is rounding here in this place

I want to drink  
 From your river, oh God  
 Satisfy this longing deep within? my heart  
 I want to flow in your waters  
 I want to drink in your fountain  
 Where are living waters  
 You are the fountain, oh God  
 You are the river, oh God  
 You are the fountain, oh God
