

Dido - Stoned

Tom: E

B Gbm7 B Gbm7
 when you're stoned baby, and I am drunk
 and we make love, it seems a little desolate
 it's hard sometimes not to look away
 and think what's the point
 when I'm having to hold this fire down
 I think I'll explode, if I can't feel this freely now

Abm Gb E
 If you won't let me fall for you then you
 Abm Gb7 E
 won't see the best that I would love to do for you instead
 G#M Gb E
 you will be missing me when I go cos I'm
 Abm Gb7 E
 bored of hanging out in your cold

B Gbm7 B Gbm7

when I feel loved baby, I join the road
 and the world moves with me
 when I feel lost I just slip away
 silently, quietly take my things and go
 and think what's the point
 think where's the hope we're coming home

B Gbm7
 If you find one day
 find some freedom and relief
 and with this freedom maybe
 maybe you will find some peace
 and with this peace baby
 I hope it brings you back to me
 bring you home, take me home

>> Acho q eh isso ;-)
