

# Dido - Stoned

Tom: E

B Gbm7 B Gbm7  
 when you're stoned baby, and I am drunk  
 and we make love, it seems a little desolate  
 it's hard sometimes not to look away  
 and think what's the point  
 when I'm having to hold this fire down  
 I think I'll explode, if I can't feel this freely now

Abm Gb E  
 If you won't let me fall for you then you  
 Abm Gb7 E  
 won't see the best that I would love to do for you instead  
 G#M Gb E  
 you will be missing me when I go cos I'm  
 Abm Gb7 E  
 bored of hanging out in your cold

B Gbm7 B Gbm7

when I feel loved baby, I join the road  
 and the world moves with me  
 when I feel lost I just slip away  
 silently, quietly take my things and go  
 and think what's the point  
 think where's the hope we're coming home

B Gbm7  
 If you find one day  
 find some freedom and relief  
 and with this freedom maybe  
 maybe you will find some peace  
 and with this peace baby  
 I hope it brings you back to me  
 bring you home, take me home

>> Acho q eh isso ;-)
