

# Dirty Glory - Every Time I Think About You

Tom: Db

(com acordes na forma de D)

Afinação: Eb Ab Db Gb Bb Eb

Intro: D

I wish I could read the pages of my destiny  
 Cause every now and then I get my broken heart shot down, in misery  
 But then you step into this tale of insanity  
 And turn the key into this heart of stone  
 And to this day I can't believe  
 And who could tell that you would be  
 Sleeping on this water bed next to me

I see you  
 And I can't help but feel alive  
 And I can't tell no wrong from right  
 Cause you turn my world upside down  
 And I can't deny it's true  
 It all can happen at first sight  
 A story like that you just can't write  
 And I can't hold that silly smile  
 Every time I think about you

You're the one behind my best lines of melody  
 Girl you're my true inspiration when I'm feeling down, oh so down  
 When you go and put your heart away for far so long  
 There are no lyrics to your favorite songs

And to this day I can't believe  
 And who could tell that you would be  
 Right before my eyes in that cute lingerie  
 I see you  
 And I can't help but feel alive  
 And I can't tell no wrong from right  
 Cause you turn my world upside down  
 And I can't deny it's true  
 It all can happen at first sight  
 A story like that you just can't write  
 And I can't hold that silly smile  
 Every time I think about you  
 Right now the light comes from that fireplace, baby  
 I keep on staring at our shadows dancing on the walls, gracefully, yeah  
 I see you  
 And I can't help but feel alive  
 And I thank heaven there's always time  
 Cause you brought fire back to my heart  
 And I wanna hear you say 'I do'  
 It all can happen at first sight  
 A feeling like that you just can't hide  
 And I can't hold that silly smile  
 Every time I smell your perfume  
 (And every time I think about you) - 2ª Vez
