

# Dirty Heads - Cabin By The Sea

Tom: B

Chords:

B Dbm E Db B

Well come with me to a place by the sea  
 If the ship breaks down you can always find me  
 And Dirty J chillin' underneath the shady tree  
 Our fans are always welcome with our friends and family

And if you wish you can stay, as long as you please  
 Just lend a helpin' hand up in our cabin by the sea  
 Where everyday is beautiful the sun, the sand, the breeze  
 And everybody lives together here in harmony

[CHORUS]

And we'll sing  
 Just as loud as we please  
 And we will be  
 Forever so free  
 So come follow me  
 Cabin by the sea

Picture you and me and the cabin by the sea  
 You paint the fence, I'll hang the tire from the tree  
 Our friends are all around and the storm was a no-show  
 You say we look better in a black and white photo

Picture you and me and the cabin by the sea  
 Sit up on the porch and we can burn a couple trees  
 Our friends are all around and the storm was a no-show  
 You say we look better in a black and white photo

B B B B B

But what the photograph don't show  
 Is where we're headed tomorrow  
 And when we have to go  
 We'll always be together in a black and white photo

Gather up some rocks and make a circle in the sand  
 We'll fill it up with wood and build a fire with our hands  
 The smoke starts to rise, the moon starts to shine  
 You bring the weed we'll bring the whiskey and the wine

And we can pass it all around  
 Until its all gone  
 Put a message in the bottle  
 Put the cork back on  
 And throw it in the sea  
 The message it will read  
 If you find this don't send help, send another bottle please

[CHORUS]

And when the sun goes down  
 We can start a fire to sit around  
 When the sun goes down  
 We can start a fire, start a fire

When the sun goes down  
 We can start a fire to drink around  
 When the sun goes down  
 We can start a fire, start a fire

When the sun goes down  
 We can start a fire to sing around  
 When the sun goes down  
 We can start a fire, start a fire

Outro: You can do what you wish here

## Acordes
