

# Dirty Heads - Hipster

Tom: D

Verso 1:

**Bm**  
Well i'm so laid back i'm my own worst enemy keep it bottled  
up inside bad energy

**D**  
Then I hear the sound of this musical amphetamine digging at  
my soul like the track's  
full of ketamine

**Bm**  
Never slowing down fast forward's all I ever see pocket's  
never dry man you can call me evergreen

**D**  
Two bottles of wine three teas and some Vicodin every single  
night same thing till i'm one-eyeing

**Bm**  
Always keep my shit locked tight no oxygen if you don't  
believe me go kick rocks with  
some moccasins

**D**  
Couldn't find a hipster to fix gears on my rockin' man  
everywhere I go I got the whole  
room talkin' man

Pré-Refrão:

**G** I know I've got all that I need so I'll give to you, all of  
the love you give

**A**  
to me and we'll carry through

Refrão:

**Bm** So endlessly, we will carry on through your energy and every  
song we sing

**A**  
creates a memory, I wouldn't change for anything, music is  
eternity and lives

in me eternally

**Bm** Endlessly we will come together like a symphony and everything  
you do feels

**A**  
like its meant to be it's endlessly, music is eternity and  
lives in me

**A|Bb-Bm**  
eternally.

Verso 2:

**Bm**  
Said you wanna play this game with me but you got way too much  
lag wish you had my  
gamertag wish I could be cut in half

**D**  
Half to write these songs for you the other half to spit your  
raps put this on my  
epitaph I don't give a rat's ass

**Bm**  
I don't even rhyme I just whine really fast and I ain't got  
the time i'm just sand in  
the glass

**D**  
This time you shall not pass cause I'm the dragon smog I'm **A**  
small axe with big trees

**Bm**  
Why don't you go take a jog better yet go kick some rocks let  
me guess you got a blog  
follow trends like it's your job

I prefer to be myself you wanna be like everyone else like a  
ticket need some help gonna  
get scalped indian pelt

**Bm**  
This is how it's supposed to be, carried by this melody  
exactly where I'm supposed to be, my feet walk steady  
to my own heart beat and I will carry on through the  
sounds of my soul, the love that we give will be repaid in  
full

All that we are is under our control

song we sing
