

Dispatch - Craze

Tom: C

Silent Steepes (Remastered)
Other Side
Tabbed by Owen Sakovics

NOTE - Since there is lead played throughout the song but no real "guitar solo," I out "Lead Fills." In addition, since the lead fills take place over long sections of the and various progressions, it is too confusing trying to place them in the tab in the correct place with their respective so instead they are all transcribed at the end of the tablature.

- Don't play last time
