

# Dispatch - Only The Wild Ones

tom:

G  
Long hair and longer stride  
Em C G C G  
Skateboard affair with a primal tribe  
G C G  
And your cut off painter pants  
Em C G C D  
Chargin down the craggy mountains with our thrift store friends

Em Bm C G D Em  
Who you find so, so in love with the falling earth  
Em Bm C G  
Oh you wake in the middle of the falling night with summer playing coy

C G  
In the attics of the city night  
Em C G  
We talked Corso and the MC  
Em C  
You could dance like  
Em C  
We were all right

Em Bm C G D Em  
Only the wild ones, give you something and never want it back  
Em Bm C G D Em  
Oh the riot and the rush of the warm night air  
Em Bm C G D Em  
Only the wild ones, are the ones you can never catch  
Em G C D  
Stars are up now no place to go, but everywhere

( G C D C )  
( G C D C )  
( G C D C )  
( G C D C )

G C G D  
One I met in the green mountain state  
Em C G D  
I dropped out, and he moved away  
G C G D  
Heard he got some land down south

Em C G D  
Changed his name to a name the birds could pronounce

Em Bm C G D Em  
Only the wild ones, give you something and never want it back  
Em Bm C G D Em  
Oh the riot and the rush of the warm night air  
Em Bm C G D Em  
Only the wild ones, are the ones you can never catch  
Em G C D Em C  
Stars are up now no place to go but everywhere, no place to go but  
D  
everywhere

( G C D C )  
( G C D C )  
( G C D C )  
( G C D C )

G C G  
And in the city the mayor said  
Em C G  
Those who dance are all mislead  
G C G  
So you packed your things and moved to the other coast  
Em C G  
Said you gonna be like Charlie Rose

Em Bm C G D Em  
Only the wild ones, give you something and never want it back  
Em Bm C G D Em  
Oh the riot and the rush of the warm night air  
Em Bm C G D Em  
Only the wild ones, are the ones you can never catch  
Em G C D  
Stars are up now no place to go, but everywhere

Em Bm C G D Em  
Only the wild ones, give you something and never want it back  
Em Bm C G D Em  
Oh the riot and rush of the warm night air  
Em Bm C G D Em  
Only the wild ones, are the ones you can never catch  
Em G C D  
Stars are up now no place to go, but everywhere
