

# Disturbed - Uninvited Guest

tom:

Am

[Primeira Parte]

Thought I was rid of you  
 Thought it was over with  
 Thought I was over it  
 Thought I evicted you from my heart  
 Kicked you out of my mind  
 So nothing left of you  
 Wouldn't be left behind

[Pré-Refrão]

Ooh, but you still take up all my space  
 You just won't go away

[Refrão]

You stay in my head  
 Like an uninvited guest, uninvited guest  
 You still haunt my heart  
 Guess you haven't left it yet, haven't left it yet  
 Ooh like an uninvited guest

[Segunda Parte]

Still see you everywhere  
 You're still in every room  
 Filled you with every move

I can't go on without erasing you from my heart  
 Tired of feeling this pain  
 Seems you're the only ghost

I just can't chase away

[Pré-Refrão]

Ooh, you still inhabit every thought  
 I prayed that you'd be gone

[Refrão]

You stay in my head  
 Like an uninvited guest, uninvited guest  
 You still haunt my heart  
 Seems you haven't left it yet, haven't left it yet

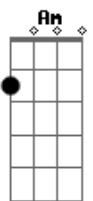

[Ponte]

I don't want to feel you around  
 I just want you, want you out  
 So please, go, please

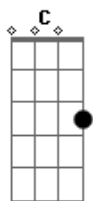

[Refrão Final]

You stay in my head  
 Like an uninvited guest, uninvited guest  
 You still haunt my heart  
 Guess you haven't left it yet, haven't left it yet  
 You stay in my head  
 Like an uninvited guest, uninvited guest  
 You still haunt my heart like an uninvited guest
