

# Djavan - Soweto

Tom: B

de: Djavan

Kinshasa, Beiru-----te Ma---ra--nhão

O negro que lu-----te

Pra po---der sonhar em mu--dar isso aqui

O poder em tan--tas mãos

E só sa--be mentir

Quanto mais se diz

E mais o povo quer eleição

Deus salve Soweto carícia e calor nos guetos

De cada canto do mun-----do

Meu a--mor

Com tantos assun-----tos

Ab--surdo se--ria

Não pensar que é normal

Se arma to--do dia

Para com---bater o mal

O povo vota--ria

E assim eu ama--rei

A serra, a maré, o lito--ral

Deus salve Soweto subtrai de governo

Os que tra-irão, esses não

Já tem gen---te demais a querer mandar

O povo quer florescer e ganhar a vi----da

Os que tra-irão, esses não

Já tem gen---te demais a querer mandar

O povo quer florescer e ganhar a vi----da
