

DMA's - Health

tom:

G

[Primeira Parte] C

Something in the wreck of your smile
 Something in the lonely dosage of your hold
 A friend of mine

Freedom is my only divide
 The less I feel may gentrify my soul, to learn you right

[Refrão]

I'm trying all the time
 Tonight, I'm gonna put it on my health
 I'm gonna light it up myself
 I'm gonna figure out, what I gotta do to keep you on my side,
 oh

[Refrão]

I've been losing heat in the fire

I'll be calling friends by the mile, my friend

And nothing's clear anymore
 Cause nothing's near anymore

(G C Em D A C G C)

[Segunda Parte]

Something in the heat of the day
 Your enemies won't change the way I grow, to learn you right
 I'm trying all the time

Tonight, I'm gonna put it on my health

I'm gonna light it up myself

I'm gonna figure out, what I gotta do to keep you on my side,
 oh

[Refrão]

I've been losing heat in the fire
 I'll be calling friends by the mile, my friend
 And nothing's clear anymore
 Cause nothing's near anymore
